International Data Protection Academy PRIVACAD  
studentservices@gadppro.academy

The global evolution of privacy, data protection, security, IT, compliance, ethics, integrity and trust regulations is directly impacting human lives and economies across the globe. The Global Association of Data Protection Professionals (GADPPRO) is globally operating EU based and registered global organisation that facilitates and promotes networked professionalism in the field of privacy, data protection and security through partnering with professionals, government bodies, multinational corporations, NGOs and many other stakeholders.

GADPPRO is pro-actively promoting data protection professionalism of its member across the globe including their accessibility needs by those in need of their expertise, support and professional services

global promotions

GADPPRO equips data privacy and security professionals from around the world with expertise, education (trainings of choice), certification credentials and official registrations

certification & registration

GADPPRO facilitates professional activities at individual and company level, based on global, regional and national laws and regulations in proactive alignment with the need of stakeholders

facilitation & alignment

GADPPRO facilitates peer-reviewed validated best practices to advance professional careers, international traineeships, internships and promote professionalism

peer-to-peer reviews

GADPPRO is doing this based on a unique and unmatched validation mechanism as compared with any other associations in the privacy, data protection and security space

unmatched validations

GADPPRO is acknowledged by privacy, data protection security, IT, compliance, ethics, integrity and trust professionals across the globe for its continuous contributions as the premier to global best practices

acknowledged standards
